

# Curriculum Vitae

**Haley Grant**  
130 De Soto St, A750  
Pittsburgh, PA 15261  
(412) 383-1690  
haleyg@pitt.edu

## Academic Interests

---

- Statistics education
- Large network EHR data analysis
- Obesity care

## Education and Training

---

### Undergraduate

|             |                                  |         |                                       |
|-------------|----------------------------------|---------|---------------------------------------|
| 2014 – 2018 | Cornell University<br>Ithaca, NY | BA 2018 | Mathematics<br><u>Minor</u> : English |
|-------------|----------------------------------|---------|---------------------------------------|

### Graduate

|             |                                           |           |               |
|-------------|-------------------------------------------|-----------|---------------|
| 2018 – 2023 | Johns Hopkins University<br>Baltimore, MD | PhD, 2023 | Biostatistics |
|-------------|-------------------------------------------|-----------|---------------|

### Certificates

|      |                                           |                                               |
|------|-------------------------------------------|-----------------------------------------------|
| 2023 | Johns Hopkins University<br>Baltimore, MD | Teaching Academy Certificate of<br>Completion |
|------|-------------------------------------------|-----------------------------------------------|

## Appointments and Positions

---

### Academic

|                |                                              |                                                                                                                            |
|----------------|----------------------------------------------|----------------------------------------------------------------------------------------------------------------------------|
| 2023 – Present | Assistant Professor                          | Department of Biostatistics and Health Data Science<br>School of Public Health<br>University of Pittsburgh, Pittsburgh, PA |
| 2025 – Present | Assistant Professor<br>Secondary Appointment | Clinical and Translational Science Institute<br>University of Pittsburgh, Pittsburgh, PA                                   |

## Membership in Professional and Scientific Societies

---

|                |                                                                                         |
|----------------|-----------------------------------------------------------------------------------------|
| 2023 – Present | American Statistical Association                                                        |
| 2023 – Present | American Statistical Association: section on Teaching Statistics in the Health Sciences |
| 2023 – 2024    | American Statistical Association: section on Data Science Education                     |

## Honors and Awards

|      |                                                                                                                        |
|------|------------------------------------------------------------------------------------------------------------------------|
| 2026 | ( <i>nominated</i> ) James L. Craig Excellence in Education Award<br>University of Pittsburgh, School of Public Health |
| 2025 | James L. Craig Excellence in Education Award<br>University of Pittsburgh, School of Public Health                      |
| 2024 | ( <i>nominated</i> ) James L. Craig Excellence in Education Award<br>University of Pittsburgh, School of Public Health |
| 2023 | Helen Abbey Award for Excellence in Teaching<br>Department of Biostatistics, Johns Hopkins University                  |

## Professional Activities

### Teaching

#### Courses Taught
